ANNOUNCEMENT

Afrinov Received Digital Inclusion for Peace Grant from Peace Direct

Nairobi, Kenya- 5th August 2020.

AfriNov, a leading not-for-profit organization working in partnership with grassroots communities on nonviolent training and campaigning in Kenya and Africa. AfriNov received a \$750 Digital Inclusion for Peace grant on 18th June 2020. The grant was endowed by **Peace Direct**.

The goal of the grant is to support local peacebuilders help their communities access the technologies they need to continue building peace. The grant was allocated to the Programs and Communications departments for the acquisition of LED projector which will support peacebuilding training for community groups and organizations. The grant also supported the upgrade of our organization website (<https://www.afrinov.org>), an important platform for communication and dissemination of peacebuilding stories and training tools and manuals.

The AfriNov family would like to thank Peace Direct for this timely grant during the COVID-19 pandemic. The grant will go a long way in empowering the voices of local vulnerable people working to build peace and help them adapt the peacebuilding work to meet the changing environment.

END

AfriNov is a leading not-for-profit organization working in partnership with grassroots communities on nonviolence training and campaigning in Kenya and Africa. We train, mentor and support grassroots communities and organizations identify and address social injustice prevalent in their communities and organizations using nonviolent approaches. Our main program areas are Peace building and Nonviolent Action, Development for Peace building and Democracy and Governance.
